Lifestyles by Barons Inc. won Best Basement Renovation over \$125,000, and Best Washroom Renovation.

Every year BILD recognizes the top renovators and custom home builders at our Industry Luncheon. Unfortunately, given our current environment, this year's Renovation and Custom Home Awards were "handed out" on April 8 via webinar. The Renovation and Custom Home Awards were created by BILD in 1999 to recognize the profession's innovation, quality of work, customer service and industry leadership.

BILD received a record 117 submissions for 25 categories that included Best Overall Space, Best Overall Renovation, Best Overall Custom Home, Custom Home Builder of the Year and the coveted Renovator of the Year award. All submissions were evaluated by 28 industry professionals who served as volunteer judges.

This year, the prestigious Renovator of the Year award went to Eurodale Design + Build for their commitment to customer service and their contribution to the overall image of the renovation industry. Eurodale Design + Build also won Best Innovative Renovation.

Client surveys showed that Eurodale's customers were impressed with the renovator's quality workmanship and professionalism. True to the RenoMark brand, Eurodale clients were provided with a warranty for the work done and clients felt that the renovator went out of its way to deliver an outstanding project with excellent service and follow up.

The award for Custom Home Builder of the Year went to Luxor Home Corporation. Luxor Homes clients felt that the builder went above and beyond to provide great quality of work and outstanding customer service. Luxor Home Corporation also won Best Custom Home Kitchen.

Profile Custom Homes won the Best Overall Custom Home award for their project in Mississauga. The design and flow of the home blur the line between indoor and outdoor living areas. The modern design is softened by the use of wood and the integration of views of nature from every room of the home. They also won Best Custom Home over \$2 Million, Best Custom Home Washroom, and Best Renovation (No addition) over \$500,000.

Best Overall Renovation went to Carmelin Design + Build. They also won Best Condominium Renovation under \$200,000, and Best Renovation (No addition) under \$250,000. Both of these award-winning projects utilized high contrast colour features in the kitchen, while softening the floor through the continuous use of hardwood throughout the home. The integration of large windows, which are expertly orientated in the design, maximizes the infiltration of sunlight throughout the home.

Lifestyles by Barons Inc. won Best Overall Space Renovation. This home renovation is a testament to Lifestyles by Barons' attention to detail and understanding the desires of their client. The integration of soft-coloured stone and tile throughout the home provides an ambience of strength, while it relaxes and reassures the homeowner's state-of-mind. Lifestyles by Barons Inc. also won Best Basement Renovation over \$125,000, and Best Washroom Renovation.

This year's winners exemplify the quality, innovation, creativity and integrity that homeowners can expect when working with professional RenoMark renovators and custom builders. All award winners are members of the national RenoMark program, which connects homeowners with professional renovators who have agreed to abide by a renovation-specific Code of Conduct. Contact information for all RenoMark renovators is accessible on <http://www.renomark.ca>.
